## EINDHOVEN

More than just a roof over your head.

Almost 80 metres tall and spanning more than 13,500m<sup>2</sup>, this newly-built tower rises from the site of the old post office right next to Central Station, connecting the campus of Technical University Eindhoven, the famous Design Academy Eindhoven and the city centre. Strijp-S is 5 minutes

away and the High Tech Campus (HTC) is 15 minutes by direct bus line. The TSH investment is the first initiative to redevelop the large, mixed-use Lichthoven district and has already proven to be an accelerator for further growth.

### WHAT WE OFFER YOUR STUDENTS

Whether they are joining us for a semester or a full school year, we make sure our students are fully-prepared for their next big adventure. We've created a space that encourages our guests to meet, explore, play and grow. Semester stays start the 1st of September or the 1st of February for 5, 10, 11 or 12 month stay options. The memories and the friendships last a lifetime.
