### Content course

Course descriptions	<p>This course is designed for students who want to develop effective and decision-oriented global marketing programmes. This course offers you the knowledge and skills to plan and execute an analytic decision-oriented framework for the development and implementation of global marketing programmes. Consequently, you should be able to analyse, select and evaluate the appropriate conceptual frameworks for approaching the five main management decisions connected with the global marketing process: (1) whether to internationalize, (2) deciding which markets to enter, (3) deciding how to enter the foreign market, (4) designing the global marketing programme and (5) implementing and coordinating the global marketing programme. Having taken this course, you should be better equipped to understand how the firm can achieve global competitiveness through the design and implementation of market-responsive programmes.</p>
